Dear Igor,

Thanks for your positive response.

Unfortunately, Prof. Brodie leaves to the Henry Ford Center in Detroit on January 29th and if you need full evaluation of our existing IP and plans it is essential you meet her and her laboratory too.

There is also another factor that needs to be considered: The Russian's lawyer is back on Jan 24th. If you want to be able to make decisions before any final commitment will be made with the Russian investor, it is of paramount importance you come before the 25th if you only can.

Is there any chance you could?
